Dear Investor,

## INVITATION TO A SAFE AND SECURE INVESTMENT

We invite you to a safe and secure investment that will give you good returns on your investment and also contribute immensely to the society by making jobs available to people and equally increase longevity of the populace via its organic and healthy products.

### **THE ORGANISATION**

FFDI – Farmers Forum for Development and Industrialisation is into farming, livestock and processing. It invites you to invest in one of its arms of production – micro abattoir/meat business.

It is headed by trusted, time tested professionals:

**MR. OLANREWaju AKINFENWA**, a trained journalist and publishers of many years standing. He is an entrepreneur of over three decades.

A Member of the Chartered Institute of Bankers of Nigeria, CIBN, he migrated to Osun State in 2010 after practising as a journalist, publishers, food processor and micro finance banker in Lagos State and its environs.

He started with gaari production in Osun State and this became so renowned that the State Government showcased it to local and international visitors.

He had other products like odourless fufu, potato powder, etc.

As the convener, he brings to the table three decades of marketing communication expertise, food processing capabilities and understanding of market forces as it relates to fast moving consumer products.

He is the President of Gaari Association of Producers, GAP.

**MR. AKINREMI OLUWANDE** studied Marketing at the Federal Polytechnic Ilaro. His Post Graduate study in Business Administration was at the Nigerian Institute of Journalism, NIJ, Ogba, Lagos State. He could only complete course work in Masters in Managerial Psychology study at the University of Ibadan.

He is a member of the Nigerian Institute of Purchasing and Supply Management, Nigerian Marketing Association and the Chartered Institute of Bankers.

His work experience spanned almost three decades of marketing and credit administration which started with Dunlop Nigeria Plc through to Tripple Beams Multi Ventures Limited where he is the current Managing Director.

**MR. ADETOYE ADEGBOYEGA** is a graduate of Animal Production from the Federal University of Agriculture, Makurdi, Benue State. There he bagged his Bachelors Degree (B. Agric Animal Production) and thereafter proceeded to the University of Ilorin where he also bagged his Master's degree (MSc. Animal Production).

He has being into poultry production for seven years and is also into buying and selling of eggs and alcoholic and non-alcoholic drinks.

**Dr. Adedokun OLAGUNJU**, former President of Nigeria Association of Beekeeping – Advisor

**Mr. Dayo BABARANTI**, GM, Osun Micro Credit Agency – Advisor

## THE BUSINESS

The abattoir will kill cows and goats and serve restaurants and other food sellers on a daily basis. This is a ready market.

It will equally serve households who will order and get delivered in kilograms. This is an expanding market.

## THE INVESTMENT

- Buying of cows, goats
- Killing and processing of cows, goats based on orders
- Selling to food sellers and households

Minimum investment is (Five hundred thousand Naira only) N500, 000.

TENOR	ROI
12 months	25% per annum

Interest would be paid to investors monthly, but there is opportunity to roll it over which will attract compound interest.
